Don't hesitate to contact us for inhouse training dates.

Dates are subject to change.

Training Course Structure

If your company registers more than one participant on the same training course the same day, 25% discount is granted.

¹'Occupational Assessment and Psychometrics' is 2 hours E-learning and can be completed anytime (however, it must be completed at the latest 7 days before training course participation). Test users, who are familiar with psychometrics from previous test certifications, can register on the training courses 'Personality Assessment – Wave', 'Aptitude Assessment' and '360° Evaluation' without previous completion of 'Occupational Assessment and Psychometrics'.

² Delegates who are not previously certified in other assessment tools, also need to participate on 'Wave Follow-up' (online) in order to be finally Wave certified.
